

# How to Create a Skype Account

First, go to [Skype](http://www.skype.com/intl/).

<http://www.skype.com/intl/>

The page you get to should look like this.

Click on the Join Skype button.

Join Skype

## Create an account or sign in

It only takes a minute or two - then you'll be ready to call your friends for free once you've downloaded and installed Skype.

Sign in

Create an account

- Safe & Secure
- Quick & Easy
- Clear & Simple

Fields marked with \* are required.

Register for Skype using your Facebook account.

Last name\*

First name\*

Last name\*

Your email address\*

Repeat email\*

Note: no-one can see your email address.

This page should pop up. You need to (at least) fill out all of the information with an asterisk (\*) by it.

Last name\*

### Profile information

Note: anyone on Skype can see your profile information.

Birth date

Day

Month

Year

After this, you should be able to successfully logon to Skype.
